*The journal is designed to focus
attention on developments in the whole
field of design and technological educa-
tion ranging from art through the crafts to
applied science and technology. It pays
particular attention to case studies of
new approaches in schools and colleges
written by the teachers and tutors
undertaking them. A selection of the
growing number of important
researches and studies in design
education is an important feature of the
journal as is the review of all important
new literature.*

*Contributions are welcome but
prospective contributors are invited to
send a synopsis of their contribution for
discussion before completion of the
final manuscript. All correspondence
concerning contributions and books for
review should be sent to the Editor at the
Department of Education, University of
Warwick, Coventry CV4 7AL.
